

### ***The EcoPor filter provides 99.99% filtration***

The Swirl® Vacuum Cleaner Bags with EcoPor® Filter ensure maximum perceptible cleanliness by trapping dust and dirt safely and cleanly. The EcoPor® filter filters 99.99% of the vacuumed house dust and allergenic fine dust, such as pollen, mold spores, mite feces and bacteria, thereby relieving the indoor air.

### ***Dirtlock® for convenient and clean disposal***

With the Dirtlock® dust closure, Swirl® Vacuum Cleaner Bags can be conveniently closed after use so that they can be disposed of cleanly and no fine dust gets back into the environment.

### ***For the sake of our environment***

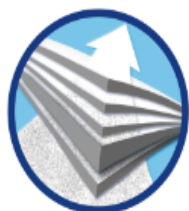

Swirl® vacuum cleaner bags with the EcoPor® filter consist of 45-65%\* recycled material, depending on the type of vacuum cleaner bag. In this way, Swirl® contributes to the environment and resource conservation.

\* Share depends on bag type.

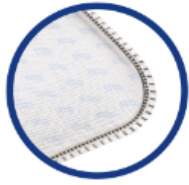

### ***Particularly tear resistant***

The non-woven material of Swirl® EcoPor® vacuum cleaner bags is particularly tear-resistant, making them very hard-wearing.

### ***For a long service life***

All Swirl® vacuum cleaner bags in EcoPor® quality basically have a volume dust reservoir which prevents the bag from becoming clogged and therefore supports a long service life.

### *Optimal fit*

The shape of the Swirl® vacuum cleaner bags in EcoPor® quality has a positive effect on their function. The rounded corners ensure a better fit of the bag and optimum utilization of the dust space in the vacuum cleaner.

### *Swirl® EcoPor quality certified by TÜV*

TÜV NORD, an independent test laboratory, has tested and confirmed the filtration of fine dust, allergens and germs as well as the dust absorption capacity of Swirl® EcoPor® vacuum cleaner bags. This also applies to low-wattage devices.

### *Our practical shopping aid*

On each Swirl® vacuum cleaner bag pack you will find a practical Shopping-Memo with the type number - to cut out and keep in your purse or wallet. So that you can find the correct Swirl® bag easily the next time you shop.

Carton made of used paper
